Heritage Builders Submission Guideline

Thank you for your interest in Heritage Builders Publishing. We are a Christian based company who publish Christian books geared to help the family, as well as books with a wholesome message which may not be classified as Christian.

Heritage Builders Publishing is committed to producing books that will not only entertain our readers but will help them maintain a quality of life as we are foremost “distinctively Christian.” We may not be the largest publisher in the business, but we may be one of the best. We sincerely hope you will find us to be everything you would expect from a top shelf publisher.

What you will need:

- 1) A cover page with your LEGAL NAME, WORKING EMAIL ADDRESS, WORKING HOME ADDRESS for royalties and correspondence, a WORKING TITLE, and a BRIEF SYNOPSIS of your book summing up its scope and content no more than one paragraph in length.
- 2) WORKING MANUSCRIPT – We request you have as much of your manuscript completed as possible upon initial submission. For unfinished manuscripts, please include an outline detailing the basic structure of any unfinished work.
- 3) AUTHOR BIO – Tell us about yourself! Have you written a book before? What else do you like to do, any hobbies? Why are you writing this book now?
- 4) BOOK DESCRIPTION – This should be a concise explanation of what it's about, and a brief description of any significant topics and subjects discussed, as well as your approach, etc.

*Contracts will not be issued without a full and complete manuscript. We will contact you in a timely manner whether or not we decide to move forward in publishing your book. Authors who fail to follow up within five working days of our approval will have their manuscripts discarded.
